

Disaster Chart

This chart describes our state of affairs. It was published by the Jingoian campaign in 2007. Back then, it was called the 'problem chart'. Now, we call it the 'disaster chart'. It has not been updated because we simply don't have the time. This is in contrast to career politicians that have large staffs and unlimited resources whose jobs rely on running perpetual campaigns that start on the day they take office.

Shameful Legacy for Our Kids
Impending Collapse of Social Security and other Programs
Living on Borrowed Money
Selling our Nation to Pay for Debt
Rising State Debt
Not using "Real" Numbers in Revenue or Economic Projections
World Financial Centers Moving
Impending Bailout of Corp Pensions
